Dear Parents and Carers

### Year 11 February Half-Term Intervention

As we are only a few months away from the summer examinations season, a range of intervention sessions have been planned over the February half-term break to allow Baysgarth students to achieve their full potential. Therefore, we are inviting all Year 11 students in the hope that they will progress and improve their chances of successfully completing all qualifications currently being studied.

These intervention sessions are timely and well-planned revision and Controlled Assessment based sessions, ran by dedicated Baysgarth teaching staff. During these sessions, subject teachers will offer high quality teaching and learning to those who wish to attend.

It is important to note that the success of any intervention provided is dependent upon the engagement and motivation of the students who attend. Please encourage your child to take advantage of all sessions relevant to them in order to achieve the highest possible grades. It is also worth stressing that these sessions should support independent learning at home, and should not be as a replacement for revision.

A summary of the intervention sessions is provided below.

Day	Time	Subject
Monday 18 <sup>th</sup> February	10.00am-2.00pm	Food
