Dear Parents and Carers

Recording LFD Test Results

To date, the at home LFD testing routine has worked well, and parents' cooperation and efficient communication have allowed the school to respond quickly and ensure students affected by any positive test results have been notified as soon as possible, to minimise the infection rate within our school community and beyond.

To date, we have not requested families to report LFD test results directly to the school, only to the NHS Track and Trace website. However, we are now asking parents and carers to complete a brief form to submit their child(ren)'s test results to us, in addition to informing the NHS. All results need to be submitted – positive, negative or void – along with the barcode from the testing device, date of test and your child's full name. The link to this can be found [here](#), and is also on our website:

A reminder that LFD tests need to be carried out **every Wednesday and Sunday, before 6pm where possible**. This now also applies to students throughout the Easter break.

You can read the latest guidance [here](#). Should you have any questions, please do not hesitate to contact the school.

Take care and thank you for your ongoing support.

Yours faithfully

Mr R. Briggs
Head Teacher
