

The Expert Learner programme enables students to develop a skill set which will equip them for a journey as a lifelong learner.

At Baysgarth we believe that every student has the opportunity to be successful.

- ★ The Expert Learner Programme enables all students to become **independent life long learners** with the ability to succeed.
- ★ The programme **develops key skills** favoured by post 16 providers and employers.
- ★ Students learn to become **proficient self managers, confident team partners** and **exceptional communicators**.
- ★ Progress is celebrated and rewarded throughout the Baysgarth community.

All students in Years 7 & 8 have an Expert Learner Log, where they complete Flipped Learning activities (in place of traditional homework) to support the development of Expert Learner skills.

All students in Years 7 & 8 also attend one of the many Enrichment activities on offer for one hour after school each week.

The Expert Learner Programme develops and celebrates

PRIDE

Positivity. Respect. Independence. Determination. Excellence.
